Weddings at the Museum

Pop the Champagne, you've found the one.

A historic day in your love story deserves an equally historic setting. Infused with character and over 150 years of culture, the Museum's wedding spaces offer elegance and charm, right in the heart of the city.

We are a not-for-profit organisation – by choosing to host your wedding at the Museum, you are directly supporting the South Australian Museum to continue sharing new knowledge for current and future generations to come.

Wedding ceremonies

Your guests will be captivated as they enter our enchanting Courtyard Lawn, a secluded and hidden location tucked right behind the Museum. Choose the exquisite heritage stone staircase or rustic stable walls as the backdrop to say "I do".

The Courtyard Lawn comes as your own blank canvas – picture stunning floristry, personalised furniture, enchanting music and so much more.

Ask our venue hire team how they can help you design the bespoke wedding ceremony of your dreams.
